- Are you interested in children's education?
- Would you like to become a school governor?

Christ Church Charnock Richard C of E Primary School is looking for enthusiastic, committed people to serve on its governing board.

There are currently two foundation governor vacancies.

We are looking for people who have the skills and qualities to work as part of a team in challenging and supporting the school's leaders to ensure that our children get the best education possible and drive school improvement.

Applications will be especially welcomed from those with;

- Skills and capacity to take on an effective leadership role within the board
- Experience of strategic or organisational leadership
- Data analysis skills
- Links with the local church and wider community including local businesses
- As a foundation governor your role also includes ensuring the Christian ethos of the school is preserved and developed

You don't need an education background to be an effective school governor, but you do need time (approximately 10-12 hours per school term), commitment, and a willingness to scrutinise information and ask challenging questions. You will also need to be able to visit the school occasionally during school time. Training is available and offered both during the day and in the evenings.

Becoming a school governor is a great way to contribute to your local community and improve the lives of local children. Further information is available on the school website under the governors' section: [www.charnockrichard.lancs.sch.uk](http://www.charnockrichard.lancs.sch.uk)

Training and mentorship will be available so that potential candidates can be developed and supported on their journey. If you would like an informal chat about the role please contact the school.
